

August 28, 1988

To Whom It May Concern:

John Ironside graduated from the two year, eight credit, major course in Television Arts and Broadcasting at Broadcast Beal in June of 1988. In addition to obtaining top grades in the program, John was the winner of the John Peavoy Communications Award, and the CFPL Television award for Broadcast Operations.

Throughout the two year program, Mr. Ironside demonstrated hard work, initiative, and an aggressive approach to both his studies and all related projects. Over and above the course requirements, John produced programming that has been adopted in the Health studies courses for the London Board of Education, and subsequently this program on Aids received airing on both the local cable companies and CFPL Television. In conclusion, John Ironside has demonstrated a real aptitude for video production work and is to be highly commended for his accomplishments.

Yours sincerely,

Gary T. Theal
Program Director
