Dear John:

Just a short note to tell you that I have received the draft copy of the documentary on Stoney Point #43 - "Dividing Lines" - and to congratulate you and the other members of your team on such an excellent production.

This documentary will be of extreme assistance in our fight to bring the general knowledge of this injustice to our neighbors and fellow citizens and to regain our homeland.

The efforts of people like yourself are greatly appreciated by all the Stoney Point people, and we hope that you will keep in touch.

Once again, Thanks,

Carl George

Chief Carl Otto George,
